YUPOONG

2022

HEADWEAR DESIGNER AND MANUFACTURER IN KOREA SINCE 1974.

YUPOONG is above all a legend, that of a prestigious company whose products have been used by world leading brands of the 21st century and have been acknowledged as the “EPITOME OF REFINEMENT”. It is also the combination of unique craftsmanship and the highest standards of quality which has gained us an impeccable reputation as the leading headwear producer in the world.

We have given birth to 4 unique styles of caps and named these FLEXFIT, 110, 210 FITTED, THE CLASSICS YUPOONG. In the following pages, FLEXFIT EU HUB invites you to discover its new range of caps developed under our own brand names. From Classic styles to the very latest, we are focusing on bridging the art of fashion and develop an emotional connection with the consumers. As part of this programme, we also offer custom designs that can be made using the same design properties. We hope you will join us in experiencing this whole new range of the next generation of headwear.

Flexfit has developed an image which is identified as uniquely amazing, no other cap in the world has been engineered to such precision. With its unique patented characteristics including Permacurve, we’ve created a comfortable cap that fits any head size but maintains the integrity and classic structure of a fitted cap.
This, as you probably can tell, offers the wearer the best of both worlds.

When selecting YUPOONG family products you are making a statement of your passion for quality.
