SPRING | SUMMER 2026

SPRING | SUMMER 2026 COLLECTION

The new Spring/Summer 26 collections combine urban casualness with modern versatility, bringing together different styles to create a harmonious overall look.

What defines the collections is their striking contrast: voluminous silhouettes meet light, flowing fabrics, while utility-inspired shapes are set alongside feminine tops, dresses, and summery sets. Denim appears in new forms – from wide-leg and barrel fits to shorts, Bermudas, and lightweight two-piece styles – while structured jerseys, seersucker, poplin, and resort fabrics create a relaxed seasonal lightness. Sporty influences also shape the season's aesthetic: tracksuits, mesh textures, piping details, and retro-inspired college and baseball elements add energy to the looks and give the collection a modern street-wear attitude. Soft Sorona®, terry, and jersey styles round off the range, combining comfort and style with ease.
